

Richfield Public School Academy MICIP Portfolio Report

Whole Child Goal

Status: ACTIVE

Summary: By school year 2023-2024 students will, on average, meet or exceed the growth and achievement targets identified by Bay Mills Community College as measured by NWEA MAP.

Created Date: 02/22/2021

Target Completion Date: 06/30/2024

Strategies:

(1/1): Whole School, Whole Community, Whole Child Framework (WSCC)

Owner: Karla Browning

Start Date: 06/21/2021

Due Date: 06/30/2024

Summary: "All educators want to improve the work they do for students, their families, and the community. Whether it's instruction, school climate, leadership, family engagement, or any of the other issues schools face on a daily basis, all educators need tools to help them improve their actions and methods. A whole child approach, which ensures that each student is healthy, safe, engaged, supported, and challenged, sets the standard for comprehensive, sustainable school improvement and provides for long-term student success. The Whole Child approach is an effort to transition from a focus on narrowly defined academic achievement to one that promotes the long-term development and success of all children.

"

Student Growth and Achievement

Status: ACTIVE

Summary: By 2023-2024 RPSA will increase the aggregate number of proficient, partially proficient and advanced students by 30%, as measured by M-STEP.

Created Date: 05/27/2021

Target Completion Date: 06/30/2024

Strategies:

(1/1): Guaranteed and Viable Curriculum

Owner: Karla Browning

Start Date: 07/01/2021

Due Date: 06/30/2024

Summary: A “guaranteed” curriculum is often defined as a mechanism through which all students have an equal opportunity (time and access) to learn rigorous content. This requires a school-wide (or district-wide) agreement and common understanding of the essential content that all students need to know, understand, and be able to do. The word “all” needs emphasis; a guaranteed curriculum promotes equity, giving all children equal opportunity to learn essential content, and to provide this opportunity, curricular materials and instructional approaches must be grounded in research, implemented with fidelity, and must include vertical as well as horizontal alignment. For a curriculum to be “viable,” there must be adequate time for teachers to teach the content and for students to learn the content. A viable curriculum eliminates the supplementary or “nice to know” content. Teachers must have the flexibility to meet student needs through different methods of content delivery, helping students dive deeper into their passions. At its essence, a GVC represents the core non-negotiables of student learning. It’s what schools and teachers commit to providing for all students.
